

Steinbock

SELECTION DR. FISCHER

ALCOHOL FREE SPARKLING

“Steinbock Alcohol Free Sparkling” is the elegant choice for all those who drink no alcohol but do not want to sacrifice sparkling pleasure.

Through a gentle vacuum process, alcohol is extracted from a wine made from selected grapes. In a state-of-the-art technique, the air pressure is reduced in a cauldron allowing alcohol to evaporate at only 25-30 °C (77-86 °F).

The low thermal stress ensures that the character, taste and fine aromas of the original wine are preserved.

Times are changing and lifestyles are shifting.

“Steinbock Alcohol Free Sparkling”

offers health-conscious, stylish enjoyment.

This non-alcoholic beverage is low in calories yet still complex, refreshing and lively. Its fine mousse and harmonious acidity make it an ideal aperitif and a fitting companion to good cuisine.

It is delightful pure or mixed, whether at a party with friends or on a quiet and balmy summer evening at home in the garden.
